## The Heat is On

Electrolux's Air-O-Speed high-speed combi-oven uses convection, steam, combi (steam and convection) and "multi-wave" cooking for a completely integrated cooking process. With automatic, pre-programmed and manual cooking options, the Air-O-Speed cooks as many as 10 pans of vegetables, meat, seafood or baked goods. Foods also can be mixed and matched in the cavity without transferring flavors. For more information, visit [www.electroluxusa.com/professional](http://www.electroluxusa.com/professional).
