

The Apple Experts at Knouse Foods understand the special dietary concerns you face daily in the Health Care Industry. Here are some serving suggestions to make your job easier.

Use Lucky Leaf® or Musselman's® 4 oz. Cups of Apple Sauce or Fruit 'N Sauce® For the Special Challenges You Face in the Industry

Dysphagia Patients – Substitute frozen Fruit 'N Sauce for Italian ice or frozen thickened juice.

Dialysis Patients – Serve Frozen Fruit 'N Sauce to help quench the thirst of restricted fluid intake.

Diabetic Patients – In addition to our natural (unsweetened) sauce we have Apple Sauce and Fruit 'N Sauce Sweetened with Splenda®.

Frozen Desserts – Replace ice cream, sherbet and Italian ice with frozen 4 oz. cups of apple sauce. If it thaws it still tastes great!

Box Lunches – Send along with residents leaving the facility for doctor or hospital appointments or outings.

Nursing Stations & Carts – Easy to use for Med Passes and Patients that need snacks for added nutrition.

Soft & Puree Diets – Easy to add variety with Fruit 'N Sauce flavors and the Splenda Sauce for diabetics.

Convenience and Quality

Now you can offer your diners the pure fruit freshness of Musselman's & Lucky Leaf brands of Apple Sauces from Knouse in easy, convenient sizes and with fewer calories and less sugar than other brands. Musselman's 4 oz. cups sweetened with Splenda have added Vitamin C and calcium, making them terrific healthcare products. Portion-controlled, ready-to-serve Apple Sauce cups are packed for ***freshness and contain the minimum daily requirement of one fruit.***

- Easy storage, serving and cleanup
- No hassle handling and labor savings
- Varieties for breakfast, lunch, dinner or healthy snacks
- Kosher © Apple Sauces
- No Sugar Added Apple Sauces
- Controlled Portions
- Shelf Stability and peak freshness
- Reduce Risk for Cross Contamination

Splenda® is a registered trademark of McNeil Specialty Products Company
